SMALL THINGS, BIG DIFFERENCE

# OUR HISTORY

*At One Dollar Only, we believe small things can make a difference – be it an inexpensive token, memento or souvenir.*

**One Dollar Only** can trace its roots as a specialist in custom made gifts as far back as the 70s. We were probably one of, if not the first Singaporean company to make customised gifts designed in-house specifically for school occasions like National Day.

In the past few decades, we have gone from strength to strength and our product offerings have also expanded to meet the varied needs of the industry. Now helmed by the 2nd generation, the cumulative experience, expertise and commitment is still ever present in everything we do today.

In our journey, we have met many individuals who still keep our gifts from their school days as mementos. They show it to their children, reminisce their school days, and remember the events, stories, and memories of their own childhood. This is a testament to our belief that small things can make a difference, and why we continue to do what we do.
